

Classics to Keep

2024-2025

Dear Great Hearts Forest Heights Families,

Books are at the core of a classical, liberal arts education. At **Great Hearts Academics**, it has always been the tradition for scholars to develop a personal library of books they keep and annotate. We call these books *Classics to Keep*.

Parents and students are asked to purchase these books for their own personal collections, so the students can write and annotate in them and keep them-allowing students to develop their own impressive personal library of classics over the course of their academic career with Great Hearts. Note, books that have ** beside them are optional.

Below is a list of our *Classics to Keep* along with the specific ISBN for the edition of the book used by our teachers. While multiple versions of each book exist, ensuring that your student has the correct edition will enable them to easily follow along with page numbers or specific passages during classroom discussions.
